NEXCORE CAPITAL DEPLOYS NETCHEMISTRY'S (ASP) PRIVATE/PUBLIC EQUITY OFFERING PLATFORM

NEWPORT BEACH, Calif., July 18, 2003 - NetChemistry, a top-tier provider of mission-critical, highly secure Private and Public Offering platforms to the Financial Services Sector, today announced that Nexcore Capital, Inc. has successfully launched NetChemistry's Web based Equity Offering Platform for the online distribution, tracking and management of the firm's IPO's and Private Offerings. Nexcore Capital offers a complete list of personalized financial services, as well as a comprehensive line of investment opportunities for individuals and businesses.

"With NetChemistry's Web based Private Equity Offering Platform, we are better able to serve the dynamic needs of our firm's investors," said Jay Potter, CEO of Nexcore Capital. "It will definitely allow us to distribute offerings easier, faster and with less liability."

"Our goal has always been to help companies reduce the cost of raising capital and better access their investors during the offering process," said Chris Cruttenden, president of NetChemistry. "We've also reduced the liability associated with investor communication by strictly controlling who the investor is, what information they are allowed to access and when they are allowed to access it. In addition, we know when the investor has received alerts and all their activity relating to a particular deal."

About the (ASP) Private Equity Offering Platform

The Online Equity Offering Platform is used by broker/dealers to identify, track, and allocate shares associated with investors during a private or public offering.

NetChemistry's Offering Platform the industry's leading offering management platform, a flexible rapid-deployment solution designed for broker/dealers, banks, investment banks and insurance companies to buy and distribute equity. The Offering Platform also allows investors to quickly and efficiently see a list of upcoming offerings, pass a suitability questionnaire, apply for an account, read and download information, ask questions and submit conditional offers.

About Nexcore Capital, Inc.

Nexcore Capital, Incorporated, Member NASD/SIPC, is a full-service brokerage firm located in San Diego, Ca. focused on the underwriting of early and middle stage companies. It is our belief that the ability to identify high quality companies at these earlier stages creates a greater profit for our clientele.

Nexcore has a history of adding value to our client companies through business development, strategic planning and synergistic introductions to enhance the execution of the business plans.

About NetChemistry

NetChemistry is an Internet solution and software provider for the Financial and Health Services industry whose systems have handled billions of dollars in transactions. Combining vertical expertise with their Core Product Suite, NetChemistry specializes in Web-based information enrollment, distribution and tracking systems comprised of secure, scalable software modules that can be rapidly customized to fit the different

parameters of each clients offering. The modules are designed to improve customer relationships resulting in efficiency, convenience and reduced liability.

In addition to software development, NetChemistry has a comprehensive understanding of design architecture, systems integration and provides a complete hosting solution at the tier one SBC facility in Southern California.
